

M.P.F TUTORS

Learning French is fun with us!

THANK YOU FOR YOUR INTEREST IN M.P.F HOME TUTORIALS

A message from the Director

Bonjour!

My name is Tosin Adesina. I'm the founder and Director of Ma Petite France, a French language learning agency that provides resources and training for French language learners.

We understand the importance of raising global children and top on that list is the ability to speak more than one language. We also understand that 40 minutes of french per week in a classroom may not take us to our desired destination, this is why we set up M.P.F home tutorials.

THEY ALSO JOIN A COMMUNITY OF KID FRENCH LANGUAGE LEARNERS

We use textbooks and materials according to the Common European Framework of reference for languages (A1, A2, B1, B2 etc) and at the end of every level, prepare them for the Delf examinations (This language certification is granted by France's ministry of Education)

We also focus on the development of the four main language competencies (Reading, writing, listening and speaking)

Being an M.P.F kid also gives them the opportunity to meet other French learners with our virtual friends and M.P.F Kids Hangout.

Once home tutorials commence, your child will be grouped with 2 other children within the same age group, this way, they can exchange videos speaking french based on the expressions and vocabularies they have been taught. They do this for a period of six months after which they are paired again with new friends.

The M.P.F Kids hangout brings together all our kids so they get to hangout and have fun and play educational games. This way, they learn french outside the four walls of the classroom and their homes.

I am glad you have decided to go on this journey with us and I look forward to meeting your wonderful child/children.

***Choose to raise your
child bilingual!***
